System & Process Based Internal Audit

INTERNAL AUDIT

Internal Audit provides independent, objective assurance and consulting services designed to add value and improve the organization's operations and effectiveness of governance, risk management and control processes.

HOW CAN WE HELP YOU ?

We evaluate and test internal controls (ICFR) and provide comfort to the management that internal controls in their companies are robust and commensurate with the size and nature of business operations and also working effectively. We also provide practical recommendations to improve and strengthen controls where there are gaps and weaknesses.

Our Methodology

1. Identification, evaluation & prioritization of key business & process risks.
2. Listing of mitigating internal controls against each risk.
3. Preparation of schedule of authority to ensure maker checker concept & segregation of duties.
4. Testing of Internal controls / processes for effectiveness using 'walk-thru' tests.
5. Review of system like ERP & SAP for mitigating of any potential risks.
6. Recommending improvements in internal controls, business processes & financial reporting.
7. Benchmarking with best practices.
8. Review for compliance with corporate policies, statutory & regulatory environment.
9. Review of IT systems.
10. Review of effectiveness of managerial supervision.
